EXPLORE YOUR CREATIVITY

When is a tablet more than a tablet? When it's a fully-featured creative pad that offers all the inspiration you need to excite your senses. It's the power of a Quad Core NVIDIA® Tegra® 4 mobile processor, combined with the quality of a super high resolution PixelPure display and special Toshiba Digitizer Pen. So you can write by hand - at speed and with complete accuracy - on the 10" capacitive touchscreen. Just like you do with a pen and paper. Or take a quick snapshot to capture your whiteboard notes. And once you have your digital content, add it to an office document for editing, sharing or saving using ThinkFree Office 6.0. It's perfect for your productivity too. So you can shoot and edit your photos, sync your data, or create documents and presentations with ease. The optional Toshiba Keyboard Cover* offers full keyboard functionality and system protection in one, so you can always be more efficient - wherever you are. And with the speed of Android 4.2, Jelly Bean, plus a longer battery life and hard-wearing Corning® Gorilla® Glass display, you can rely on an incredible performance all day, every day. Explore your creativity with Excite Write.
